RutviPurohit

UX DESIGNER | ENTERPRISE & COMMERCE

UX Designer with 5+ years of experience designing enterprise, commerce, AI, and immersive products. Proven track record simplifying complex systems through product strategy, information architecture, and scalable design systems while partnering with cross-functional teams to deliver measurable business outcomes

Core Expertise: End-to-End Product Design · Product Strategy · Enterprise UX · Digital Commerce · Design Systems · Accessibility

PROFESSIONAL EXPERIENCE

User Experience Designer, Valtech

Nov - 2025 - PRESENT | Bangalore, India

- **Simplified luxury hospitality discovery and booking journeys** by leading UX strategy and information architecture across Kerzner's digital platforms, optimizing customer discovery, room selection, offer exploration, and premium brand storytelling across Bab Al Shams & Mazagan to drive digital conversion.
- **Improved digital accessibility readiness** for the Experience AlUla platform by establishing a hybrid WCAG audit strategy combining automated evaluations with contextual manual testing for scalable, inclusive experiences.
- **Facilitated design workshops and stakeholder reviews** with international teams, translating complex business objectives into user-centered product strategies while aligning cross-functional stakeholders on redesign initiatives.

User Experience Designer, ChopDawg

FEB 2023 - Nov 2025| REMOTE, USA | VIEW RECENT PROJECTS

- **Solved complex product challenges across 10+ enterprise, commerce, AI, healthcare, SaaS and digital commerce products** by leading end-to-end UX strategy from discovery through implementation.
- **Streamlined internal operations** by designing enterprise platforms for inventory, customer, staff, and content management that reduced workflow complexity for business users.
- **Designed digital commerce and monetization experiences** including subscription onboarding, pricing strategies, checkout flows, creator monetization, and credit-based purchasing systems, balancing business goals with intuitive customer experiences.
- **Improved design consistency and delivery speed** by establishing atomic design systems across six product teams, reducing developer handoff effort by 30%.
- **Built strong partnerships with founders, product managers, and engineers**, leading design workshops, stakeholder presentations, and roadmap discussions that resulted in 95% client satisfaction and long-term engagements.

Project Manager & Lead UX Designer, Thomas Jefferson University

JAN 2022 - DEC 2022 | PHILADELPHIA, PA | VIEW ED-TECH CASE STUDY

- **Led UX design for an immersive XR-based NCLEX simulation platform**, partnering with nursing faculty to transform traditional learning into interactive clinical scenarios that increased learner engagement and knowledge retention through realistic AR experiences.
- **Directed end-to-end UX research** including user interviews, usability testing, simulations, and A/B testing to validate immersive learning experiences and inform product decisions.
- **Improved operational visibility** by designing enterprise analytics dashboards in AWS QuickSight and Airtable, increasing reporting efficiency by 27%.

User Behavioral Analyst, Little Leaves Behavioral Services

MARCH 2021 - JULY 2021 | RESTON, VA

- **Improved behavioral outcomes** by applying quantitative and qualitative research to develop data-informed intervention strategies alongside multidisciplinary teams.
