RutviPurohit

USER EXPERIENCE DESIGNER

User Experience Designer with 5+ years of leading end-to-end design with human-centered methodologies, specializing in stakeholder management and product strategy. Skilled in transforming complex requirements into seamless interfaces while harmonizing stakeholder priorities with user needs. Demonstrated success in establishing scalable design systems and leading cross-functional teams to deliver solutions that drive business impact.

PROFESSIONAL EXPERIENCE

User Experience Designer, Valtech

Nov - 2025 - PRESENT | Bangalore, India

- **UX Strategy & Information Architecture:** Led end-to-end digital experience audits and restructured complex site architectures for the Kerzner Group portfolio, elevating the digital presence of ultra-luxury properties including Bab Al Shams and Mazagan.
- **Brand Storytelling & UX Writing:** Crafted compelling digital narratives and refined UX copy to harmonize with premium brand identities, ensuring a cohesive, immersive user journey from initial discovery through the booking flow.
- **Accessibility Audit Strategy:** Spearheaded the initial research and estimation phase for the Experience AlUla platform using WAVE and BrowserStack. Championed a hybrid auditing methodology—advocating for contextual, empathy-driven manual testing alongside automated tools to ensure authentic digital inclusivity.
- **Global Stakeholder Alignment:** Facilitated design reviews and strategy sessions with international stakeholders, translating complex business objectives into human-centered design solutions and securing consensus on comprehensive redesign proposals.

Key Skills: UX Strategy, UX Writing, Storytelling, Digital Accessibility, Heuristic Evaluations, Information Architecture, WAVE, BrowserStack, Luxury Hospitality Design.

User Experience Designer, ChopDawg

FEB 2023 - Nov 2025| REMOTE, USA | VIEW RECENT PROJECTS

- **Led Product Strategy:** Spearheaded end-to-end design for 10+ digital products & platforms, leveraging top down product strategy and comprehensive market research.
- **Design Systems Implementation**: Established and scaled atomic design system across 6+ product teams, including enterprise & internal applications. I standardized components and documentation to improve developer handoffs by 30% and boost cross-team collaboration.
- **Client Relation Strategist:** Ensured client trust for 3 critical projects with proactive communication channels, building cohesive user flow and utilized atomic design system - leading to 95% stakeholder satisfaction and returning clients..
- **Design Operations Leader:** Led to higher quality deliverables and smoother design flow through mentorship of junior designers on documentation and stakeholder management.

Key Skills: Figma, Design Systems, Cross-functional collaboration, B2B, SAAS, Visual Design.

Project Manager & Lead UX Designer, Thomas Jefferson University

JAN 2022 - DEC 2022 | PHILADELPHIA, PA | VIEW ED-TECH CASE STUDY

- **XR Design Innovation:** Partnered with the nursing college to lead UX design for XR based real-world simulation for students preparing for NCLEX exams, leading to significant increase in students' learning outcomes
- **Drove Data-Informed Decisions**: Conducted comprehensive UX research including user interviews, simulations, and A/B testing to inform AR-based learning platforms.
- **Delivered High Impact Redesign:** Spearheaded website redesign for external client, improved information architecture resulting in 30% boost in task completion rates and 89% improvement in usability.
- **Enterprise Analytics Dashboard:** Drove 27% improvement in metrics tracking through AWS QuickSight & Airtable optimization for university-wide systems.

Key Skills: Figma, Miro, AWS Quicksight, Product Strategies, Project Management, User Research, Information Architecture, AR based learning, EdTech

UX/UI Designer, TennisFit Academy

MARCH 2022 - JUNE 2022 | PHILADELPHIA, PA
